PartYard

MOVING THE SEA WITH US

WE ARE PARTYARD

PartYard Lda. was born in 2006 with the objective of commercialization of machinery, components and engineering services in the shipbuilding industry.

The recognition of its success and its consolidation in the national and international markets make PartYard a leading company, in which it has been increasing the volume of supply and collaboration of projects in other sectors of activity

BRUNO MONTEIRO
Chief Executive Officer

WHO WE ARE:

SPECIALIZED PROFESSIONALS

PARTYARD LDA. is a specialized company that offers cost effective and comprehensive professional services throughout the world.

Together, we innovate new technologies and business strategies that give us the edge over our competitors when providing the best quality technological solutions and services for our customers everywhere.

WHAT WE DO:

OUR MAIN SERVICES

From Transportation, Space and Defense to Industry, PartYard helps its customers to create a cleaner, more productive and safer world by giving them the tools they need to perform critical tasks.

PartYard undertakes to:

- Provide our customers with the highest quality products and services that meet the requirements;
- Provide these products and services in the agreed time;
- Provide customers with products and services with the best prices and quality in the market;
- Ensure with our clients an excellent communication with the objective of overcoming their expectations.

HOW WE DO IT

QUALITY AND SECURITY

PartYard is committed to the Quality of the commercialization of parts and the provision of maritime maintenance and repair services, by making the following commitments:

To satisfy the needs and expectations of our customers, through the commercialization of parts, equipment and the provision of maintenance and repair services in the maritime industry;

To accomplish with compliance obligations, agreed delivery times, and other applicable requirements established by customers and other interested parties.

Evaluate and continuously improve the processes of the Quality Management System, through the implementation, development and compliance with applicable requirements, with improvement of the effectiveness of the Management System implemented.

Whenever Quality and Security are Critical, PartYard delivers.

SPARE PARTS

WE ARE EFFICIENT SUPPLIERS OF INDUSTRIAL EQUIPMENTS

Due to our multiple contacts world-wide, we supply all kinds of industrial equipments and industrial spare parts. We also export goods and industrial spare parts from East and West European manufacturers.

Our successful wide range of industrial projects gave us expertise in a large scope of industries, which we have supplied in the latest past: Heavy industry, Maritime industry, Offshore industry, Power Plants, Other industrial operating trading companies.

ON-SITE REPAIRS

WHEREVER YOU NEED US WE WILL BE THERE

Apart from general repairs on industry and ships, we are diesel engine specialists and can assist ship Owners on repair and perform overhaul tasks of most diesel engines manufacturers.

SINGLE SOURCE, SINGLE RESPONSIBILITY

From this combined skills, we can assume costumers needs from both spare parts supply and on-site tasks. This single source single responsibility compromise, assures costumer full satisfaction and time and cost saving on having only one global supplier for each task.
